## VIBRO-ACOUSTICS<sup>®</sup> by Swegon

### Need help with Duct Silencers?

Did you know that Vibro-Acoustics has Free application review and Engineering lay-in services?

### Free Lay-in Service

Everything you need to eliminate noise risk to you and your client.

**Key Features:**

- Noise Risk Assessment
- Problem Resolution
- End Result Guarantee

Start designing a great building

Contact Tom House at (216) 431-5088 or Dave Kern at (614) 294-4822 for more information

### IV-50 EC High Induction Centrifugal Jet fan for Parking Garages

The SystemAir IV-50 EC optimizes traditional ventilation systems to more effectively reduce CO levels in garages and achieve ASHRAE 62.1.

The IV-50 EC is the industry's highest performing, lowest profile Centrifugal Induction Jet Fan available in the market. Utilizing the combined performance factors of airflow, induction, thrust and throw, the IV-50 EC optimizes traditional ventilation system to more effectively reduce CO levels in the most energy efficient manner.

- \*315 CFM
- \*51 N Thrust
- \*EC Driven
- \*10.2" Profile

SystemAir Mfg. In. certifies that the IV series shown herein is licensed to bear the AMCA seal. The ratings shown are based on tests and procedures performed in accordance with AMCA Publication 211 and AMCA Publications 311 and comply with the requirement so of the AMCA certified Ratings Program.

**Made in America**

Speed control options (PWM)  
0-10V4-20mA.  
Simple on/off to any set speed  
Speed feedback reference.

AMCA WORLDWIDE CERTIFIED RATINGS  
JET FAN FOUND IN AIR PERFORMANCE

Electronic motor protections include:

- Input under-voltage protection
- Locked rotor protection
- Overload protection
- Over-temperature protection
- Output over current / short-circuit protection

10048 Industrial Blvd, Lenexa, KS 66215

## Need controlled draft and supply air?

### The RM Manifold Group consists of:

US Draft Co.  
Pioneering technology for the chimney and venting industry

KW USA  
Chimney fans and accessories

LaundryFab and LFSYSTEMS  
Laundry exhaust and supply air for Multi-family high rise systems and stairwell pressureization

### What is a FabricAir VarioDuct?

The solution to both Heating & Cooling with Fabric Duct.

The FabricAir® VarioDuct™ features an internal membrane to separate the two airflows for heating and/or cooling purposes. This membrane is kept in place by the static pressure, thus does not flutter, providing the perfect airflow for each purpose; heating or cooling.

Connection between damper and membrane is one zipper away – fast and easy! The membrane solution is available for any length of round duct incl. horizontal bends and concentric transitions. The color of the damper can be matched to the fabric.

The damper is operated manually or automatically with a motorized actuator, allowing the membrane to switch positions. The damper can be controlled using a simple room sensor or via the building's BMS system.

## Just how long have Titus Grilles been around?

Titus started in 1941. The above photo is their engineering Department in 1965, in Waterloo Iowa.

### A long time!

Here are Just a few

1948- 23RL Grille

1956-TMA (TMR) Diffuser

1956-TMS Diffuser

1958-CT Linear

1958-TDC Diffuser

1962- ML-ModuLinear

1975-ESV VAV Box

1978-Titus II Controller

1989-Omni Diffuser

1993-Flowbar

2013-Alpha Controller

2021-ZEC Verasys Controller

**Need a replacement for old, worn out Moduline VAV diffusers?**

**Use the Young Regulator 9100 IF, along with a pressure regulating zone damper**

**Features include:**  
**Stand-alone zoning**  
**Digital wall stat**  
**Individual temperature control**  
**Made in Cleveland OH, USA!**

**Contact your Mussun Representative for details**

**INDEECO** 

**Indeeco Invizatherm**

**Radiant Heat without the glow!**

**Ideal for restaurants, patios, tennis clubs, and any outdoor areas.**

**Ask your Mussun Rep for details on this very popular product!**

## ***PDH HOURS***

***Mussun Sales posts upcoming webinars on our Events section of our website.***

***Be sure to check out topics which qualify for PDH Hours.***
