Looking for Custom Radiant Ceiling Panels?

QMark Radiant Ceiling Panels

QMark Radiant Ceiling Panels provide custom, targeted, hidden heat in a wide range of applications. Designed to provide localized spot heating or primary heating where it is needed and can go where other comfort solutions cant.

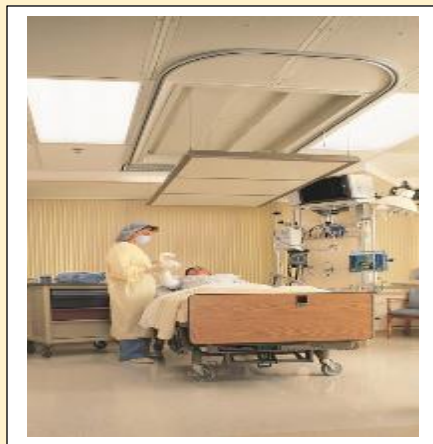

They can be specified by dimension and output level for each room to ensure optimal integration with a buildings traffic flow and design.

Ideal Spaces: Hotels; Motels; Homes and Offices; Commercial Lobbies; Hallways; Studios; Bathroom; Bedrooms; Living Rooms; and Basements and are temperature-sensitive spaces such as Hospital Departments and Yoga Studios.

The versatility of these Radiant Ceiling Panels makes them a perfect fit for a wide range of applications, including drop ceiling, drywall and surface mounting installations.

Available in flurry white, while made-to-order options ensure the heaters blend in with any space.

Thank you for attending and spending your lunch hour with us. The luncheon was a great success!

We want to thank Melissa's Café for coming to Cleveland and preparing the delicious food. The winner of the cooler was Paul Smith – Local 33 Sheet Metal Worker

Happy 75th Anniversary
