BRASCH
ENVIRONMENTAL TECHNOLOGIES

Standalone Dual-Zone Gas Detector and Ventilation Controller

Comprehensive Monitoring

*Detects CO and/or NO2

Greater Coverage

*User-Adjustable Setpoint, Delays, Outputs and Relays

*Built-In Manual Fan Activation

Enhanced Durability

*Rainproof Water Resistant

*Simple Service and Maintenance

Simplified Installation

*Preconfigured Wiring

*Factory Calibration

*Customized Programming

Effortless Upgrade

*Works with New an Existing Building Control Systems

*Fully BacNet Compatible with GSE Generation 1

Detailed Specifications:

INPUT/OUTPUT

*Input/Output Power: 120 VAC, 50c/60 Hz, 0.2A: 24VAC 50x60 HZ, 1.0A

*Power Consumption: 24 VA

*Control Relays: 6 Relays, 5A @ 125 VAC / 250 VA

INTERFACE:

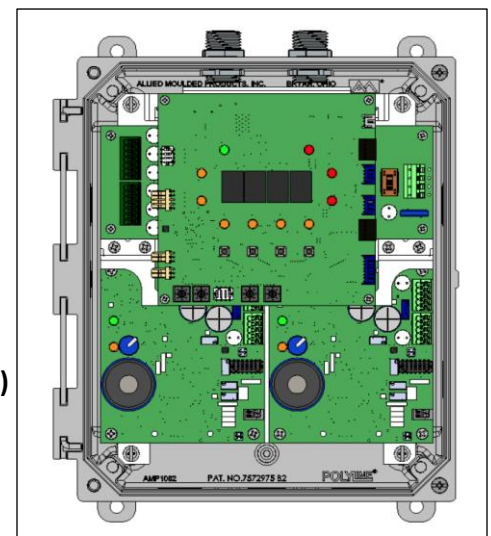

Display: 4-digit numeric, red

Front Panel Indicators: 10 LEDs, Power (green), Sensors 1-4 (yellow), Zones 1-2 (Yellow)

Alert 1-2 (red), Alarm (red)

Alarm: 106 dB @ 10cm, 3.8 kHz Piezoelectric Element

A Look Inside
