Nederman

Vehicle Exhaust Extraction

Nederman's products and systems are suitable for all types of vehicles – from cars, to heavy-duty vehicles and construction machinery. This is why their solutions can be found in all types of facilities in the automotive sector. They create designs that are adapted to your brand and needs. Clean, modern and functional.

Nederman's Solutions Provided:

- *Optimal design and functionality
- *Better safety and ergonomics
- *Less wear on equipment
- *Cleaner work environment and fewer health risks
- *Easier cleaning of premises and vehicles

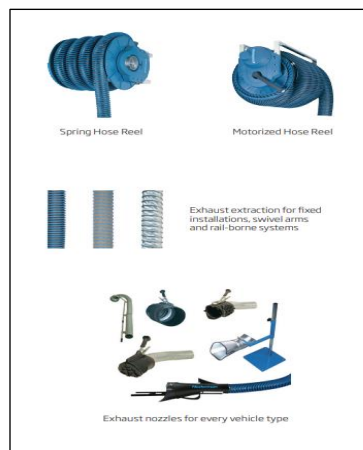

Nederman serves all types of vehicles and facilities:

- *Vehicle service centers
- *Service stations for cars, trucks, construction machinery and agricultural machinery
- *Vehicle inspection stations
- *Emergency stations for fire service, ambulances, etc
- *Military vehicle depots

Exhaust fumes, grinding dust, loose cables and hoses are just some of the safety hazards that can be found in repair shops and inspection facilities. Nederman will draw up plans and produce proposals with cost estimates.

Nederman's Extraction Products:

- *Spring hose reels
- *Motorized hose reels
- *Exhaust extraction for fixed installations, swivel arms and rail-borne systems
- *Exhaust nozzels for every vehicle type
- *Touchless exhaust extraction system
- *Single Extractor
- *ALU Rail
- *Rail system 920
- *Extractor fans for exhaust fumes and dust
- *Balancer for exhaust hose for easier and safer handling
- *Extension arm 14Ft. or 20Ft. when extra reach is needed
- *In ground system
