

## Now Representing

Mussun Sales is pleased to announce that we are now the exclusive representative for Ouellet Electric Heaters!

**Ouellet** (pronounced “wall-ette”) is a family-owned company who has been producing Indeeco’s comfort heat products for decades. We are now dealing directly with Ouellet.

**Ouellet is the world’s largest manufacturer** of high-quality baseboard heaters and one of the largest manufacturers of high-quality cabinet, wall, unit, and specialty heaters, all of which are made in beautiful Quebec Canada. We also have available duct heaters and specialty unit heaters as well as electric heat trace products.

**We are now stocking wall and unit heaters in our Cleveland warehouse** and Ouellet stocks hundreds of baseboard heaters and other comfort heaters at their warehouses for immediate shipment. Standard lead times are less than three weeks on all other products.

The information below displays just a few of the many electric heaters now readily available from Mussun Sales. Ask your sales representative for the latest Mussun Stock Catalog as well as the complete Ouellet Catalog – both great quick reference tools.
